

## TOOTH COLOURED/ COMPOSITE FILLINGS

At Smile Care Dental Clinic we

*Offer you the best of Composite Fillings that are tooth coloured fillings that this the latest solution for restoring your decayed teeth,*

*Making Cosmetic Improvements and even changing the colour of your teeth or the reshaping of teeth.*

With Composite Filling we can close up minor gaps and

can be used to correct crooked teeth. Basically, with this filling we can cover any natural flaws applying

a thin coating of a filling material on the front surface of your teeth.

After this, our cosmetic dentist will apply a bonding material and

Sculpt, colour and shape it to provide a pleasing result.

Care is taken by our dentist to provide you with the *best of smile* which feels as good as natural.

## TOOTH JEWELLERY

Introducing the latest trend of *Adding Sparkle to your smile!*

We offer you a chance to *enhance your smile* with that *"Twinkle"*.
