

CHILD DENTAL CARE

Child's *first (milk) teeth* are *important* because, apart from being needed for chewing and speaking.

And at ***Smile Care Dental Clinic***

We know this and understand that the first visit to the Dentist's Clinic

Should be a pleasant experience for the child so as to avoid any sort

A smile is a powerful weapon;
you can even break ice with it.

quot.esarcade.com

Of phobia's or fear related to dental treatment.
We also offer for Conscious Sedation to avoid
any

trauma to the child.

Ideally, your child's first dental visit should be
by the first birthday.

Where we can check for decay and other
problems,

teach you how to clean your child's teeth and
identify your child's fluoride needs.

By starting dental visits early, you will be helping your child to build a lifetime of good dental habits.
